A COMPARATIVE STUDY BETWEEN THE STUDENTS WHO JOIN ENGLISH COURSE AND THOSE WHO DO NOT JOIN ENGLISH COURSE IN MASTERING VOCABULARY AT TENTH GRADE OF SMAN 1 PANGKALAN BUN

ABSTRACT

The study was aimed at investigating the difference of English vocabulary mastery by the students who join English course and those do not join it at SMAN 1 Pangkalan Bun. It is because they have different vocabulary learning ways.

The study used quantitative comparative approach with Ex-post Facto design in finding out the answer of problem of the study. The population of the study consisted of two classes of the tenth grade of SMAN 1 Pangkalan Bun. The total number of students was 40 students, who join English course, and do not join English course. The writer chose the students who join English course that consists of 20 students and the students who do not join English course that consists of 20 students as the sample. The sample was determined by using purposive sampling technique. Both of samples were given a test to gain the students' score in English vocabulary mastery. After getting the data of test score, the writer analyzed the data using t_{test} pooled variance formula to test the hypothesis. It was found that the result of $t_{observed}$ was -1,271 and the t_{table} was 2,024 at 5% of significance level with the degree of freedom (df) was 38. It showed that $t_{observed}$ was lower than t_{table} . In addition, the calculation result using SPSS 19 also supported the interpretation of t-test result from manual calculation. The result using SPSS 19 program calculation showed that $t_{observed}$ was -1,243. It was also lower than t_{table} at 5% level of significance (2,024). It means that there is no difference of English vocabulary mastery between the students who join English course and those do not join English course.

The result of testing hypothesis determined that the alternative hypothesis (H_a) stated that there is significant difference of English vocabulary mastery between the students who join English course and those do not join English course in tenth grade of SMAN 1 Pangkalan Bun was rejected and the null hypothesis (H_0) stated that there is no significant difference in the English vocabulary between the students who join English course and those do not join English course in tenth grade of SMAN 1 Pangkalan Bun was accepted. In conclude, there is no significant difference of English vocabulary mastery between the students who join English course and those do not join English course in tenth grade of SMAN 1 Pangkalan Bun.

Key Words: Vocabulary Mastery, Join English Course, Do Not Join English Course.

**SEBUAH STUDI PERBANDINGAN ANTARA SISWA YANG MENGIKUTI
KURSUS BAHASA INGGRIS DAN SISWA YANG TIDAK MENGIKUTI
KURSUS BAHASA INGGRIS DALAM MENGUASAI KOSA KATA PADA
KELAS SEPULUH (X)
SMAN 1 PANGKALAN BUN**

ABSTRAKSI

Studi dimaksudkan kepada sebuah investigasi perbedaan pada penguasaan kosa kata oleh siswa SMAN 1 Pangkalan Bun yang mengikuti kursus bahasa inggris dan yang tidak mengikuti kursus bahasa inggris. Hal itu dikarenakan mereka memiliki perbedaan dalam cara pembelajaran.

Studi ini menggunakan pendekatan komperatif kuantitatif dengan rancangan Ex-post Facto dalam menemukan jawaban dari permasalahan di studi ini. Studi ini memiliki populasi yang terdiri dari 2 kelas pada siswa-siswi kelas 10 di SMAN 1 Pangkalan Bun. Total jumlah siswa sebanyak 40 siswa, yang mengikuti kursus bahasa inggris dan tidak mengikuti kursus bahasa inggris. Penulis memilih siswa yang mengikuti kursus bahasa inggris sebanyak 20 orang siswa, dan yang tidak mengikuti kursus sebanyak 20 orang siswa sebagai sampel. Sampel tersebut dipilih menggunakan teknik purposive sampling. Masing-masing sampel diberikan sebuah test tertulis untuk mendapatkan nilai hasil siswa dalam penguasaan kosa kata bahasa inggris. Setelah mendapatkan data nilai siswa, penulis menganalisa data tersebut menggunakan formula t_{test} untuk menguji hipotesis. Hal itu ditemukan nilai hasil dari $t_{observed}$ adalah -1,271 dan t_{table} adalah 2,024 pada level signifikan 5% dengan tingkat kebebasan (df) sebanyak 38. Hal itu menunjukkan bahwa $t_{observed}$ lebih rendah daripada t_{table} . Sebagai tambahan, hasil kalkulasi lainnya yang menggunakan program SPSS 19 juga mendukung interpretasi dari nilai hasil t_{test} yang menggunakan perhitungan manual. Hasil dari perhitungan menggunakan program SPSS 19 menunjukkan bahwa $t_{observed}$ adalah -1,243. Nilai tersebut juga lebih rendah dibandingkan dengan t_{table} pada tingkat level signifikan 5% (2,024). Hal itu berarti bahwa tidak ada perbedaan secara signifikan dari penguasaan kosa kata bahasa inggris antara siswa yang mengikuti kursus bahasa inggris dan siswa yang tidak mengikuti kursus bahasa inggris.

Hasil dari pengujian hipotesis ditetapkan bahwa hipotesis alternatif (H_a) menyatakan bahwa terdapat perbedaan yang signifikan pada penguasaan kosa kata bahasa inggris antara siswa yang mengikuti kursus bahasa inggris dan siswa yang tidak mengikuti kursus bahasa inggris di kelas sepuluh (X) SMAN 1 Pangkalan Bun di tolak, sedangkan hipotesis null (H_0) yang menyatakan bahwa tidak ada perbedaan yang signifikan pada penguasaan kosa kata bahasa inggris antara siswa yang mengikuti kursus bahasa inggris dan siswa yang tidak mengikuti kursus bahasa inggris di kelas sepuluh (X) SMAN 1 Pangkalan Bun di terima. Kesimpulannya, tidak terdapat perbedaan penguasaan kosa kata bahasa inggris antara siswa yang mengikuti kursus bahasa inggris dan siswa yang tidak mengikuti kursus bahasa inggris di kelas sepuluh (X) SMAN 1 Pangkalan Bun.

Kata Kunci : Penguasaan Kosa Kata, Siswa Yang Mengikuti Kursus Bahasa Inggris, Siswa Yang Tidak Mengikuti Kursus Bahasa Inggris.

ACKNOWLEDGMENTS

Alhamdulillah and praise belong to Allah the Almighty, because of His Blessing and Mercy, the researcher is able to accomplish this thesis entitled: **A COMPARATIVE STUDY BETWEEN THE STUDENTS WHO JOIN ENGLISH COURSE AND THOSE WHO DO NOT JOIN ENGLISH COURSE IN MASTERING VOCABULARY AT TENTH GRADE OF SMAN 1 PANGKALAN BUN.**

This thesis is written to fulfill one of the requirements to get title of Sarjana Pendidikan Islam (S.Pd.I) in the English Education, the Department of Education, and the State Islamic College of Palangka Raya. Some people have contributed guidances, suggestions, and supported to improve of this thesis; therefore the writer would like to express her greatest gratitude to:

1. Dr. Ibnu Elmi A.S. Pelu, S.H., M.H., as the Director of STAIN Palangka Raya for his direction and permission of conducting this thesis;
2. Triwid S.N, M.Pd. as the Chair of the Department of Education for her permission so that the writer can accomplish the requirements for composing this thesis.
3. Santi Erliana, M.Pd., as the Coordinator of the English Education Study Program, for her permission so that the writer can accomplish the requirements for composing this thesis.
4. Dr. H. Abdul Qodir, M.Pd., as the first advisor for the guidance, encouragement, and suggestions during composing this thesis.
5. Sabarun, M.Pd., as the second advisor for the guidances, encouragement, and suggestions during composing this thesis.
6. All teaching staffs of the English Study Program for their valuable knowledge.

Furthermore, the writer also expresses his thanks for his beloved parents, sisters, brothers and all family who always support me in accomplishing this study. The last special thanks to his friends of TBI 2009 for their support. The writer realized that the study is still far from the perfect, therefore some constructive critical and suggestions are welcomed. Finally, may Allah always bless us.

Palangka Raya, April 22nd 2014

The Writer
