**THE EFFECT OF MNEMONIC TECHNIQUE ON VOCABULARY
RECALL OF THE TENTH GRADE STUDENTS OF SMAN 3
PALANGKA RAYA**

ABSTRACT

This study aimed to measure the effect of mnemonic techniques in the ability to memorize vocabulary at SMAN 3 of Palangka Raya. In addition, the researchers wanted to students and can easily recall previously learned vocabulary. Authors interested in researching this because basically vocabulary is something important that applied in learning a language. When a student has a lot of vocabulary that they will be easier to learn the language. One way that is used to facilitate students memorizing of vocabulary with mnemonic technique .

Based on the opinion above , the author wants to prove its truth. In this study, the authors use quantitative methods in data collection . The research instrument is a test . The population is the entire class X students of SMAN 3 Palangka Raya totaling 366 students. From this population, two classes taken as samples by using purposive sampling technique (purposive sampling) . For the sample are taken as the sample is XIIS 3 and XMIA 1, amounting to 60 students. Both groups were given a pre- test to obtain the value of the first students. After obtaining the value of pre- test, students in the experimental group were taught with the mnemonic techniques and the students in the control group was taught without a mnemonic technique. After getting the data from the experimental and control groups, the researchers analyzed the data using t - test calculation with manual calculations for hypothesis testing.

The results showed that the value of t count greater than the value t table significance level of 5% or ≥ 2.00 with 7.153 degrees of freedom 58. hypothesis testing results show that the alternative hypothesis (Ha), which states that there is a significant influence using the mnemonic technique to memorize vocabulary in Senior High School 3 Palangka Raya been accepted and null hypothesis (ho) states that there is no significant effect without the use of mnemonic techniques to memorize vocabulary in the State High School 3 Palangka Raya has been rejected. This means that students who are taught to used these techniques in memorizing vocabulary words better than those who did not used the technique.

Key terms: 1. Mnemonic Technique, 2. Vocabulary recall,

**PENGARUH TEKNIK MNEMONIC DALAM MENGHAPAL
KOSA KATA TERHADAP SISWA KELAS X SMAN 3 DI
PALANGKA RAYA**

ABSTRAK

Penelitian ini bertujuan untuk mengukur pengaruh teknik mnemonic dalam kemampuan menghafal kosa kata pada siswa SMAN 3 Palangka Raya. Selain itu, peneliti ingin agar siswa dapat dengan mudah dan mengingat kembali kosa kata yang dipelajari sebelumnya. Penulis tertarik untuk meneliti ini karena pada dasarnya kosakata adalah sesuatu yang penting yang di aplikasikan dalam mempelajari suatu bahasa. Ketika siswa memiliki kosakata yang banyak mereka akan lebih mudah mempelajari bahasa. Salah satu cara yang digunakan untuk mempermudah siswa dalam menghafal yaitu dengan teknik Mnemonic.

Berdasarkan pendapat diatas, penulis ingin membuktikan kebenarannya. Pada penelitian ini, penulis menggunakan metode kuantitatif dalam pengumpulan datanya. Instrumen penelitiannya adalah tes. Populasinya adalah seluruh siswa kelas X SMAN 3 Palangka Raya yang berjumlah 366 siswa. Dari populasi tersebut, di ambil dua kelas sebagai sampel dengan menggunakan teknik sampel bertujuan (purposive sampling). Kelas yang di ambil sebagai sampel adalah XIIS 3 and XMIA 1 yang berjumlah 60 siswa. Kedua kelompok diberikan pra uji untuk memperoleh nilai pertama siswa. Setelah memperoleh nilai pra uji, siswa di kelompok eksperimen diajarkan dengan teknik mnemonic dan siswa di kelompok kontrol diajarkan tanpa teknik mnemonic. Setelah mendapatkan data dari kelompok eksperimen dan kontrol, peneliti menganalisis data tersebut menggunakan perhitungan t-test dengan perhitungan manual untuk pengujian hipotesis.

Hasil penelitian menunjukkan bahwa nilai t_{hitung} lebih besar dari nilai t_{tabel} tingkat signifikansi 5 % atau $7.153 \geq 2.00$ dengan derajat kebebasan 58. Hasil pengujian hipotesis menunjukkan bahwa hipotesis alternatif (h_a) yang menyatakan bahwa terdapat pengaruh signifikan dengan menggunakan teknik mnemonic dalam menghafal kosa kata pada Sekolah Menengah Atas Negeri 3 Palangkaraya telah diterima dan hipotesis nihil (h_0) yang menyatakan bahwa tidak terdapat pengaruh signifikan tanpa menggunakan teknik mnemonic dalam menghafal kosa kata pada Sekolah Menengah Atas Negeri 3 Palangkaraya telah ditolak. Ini berarti bahwa para siswa yang diajarkan menggunakan teknik tersebut dalam menghafal kosa kata lebih baik dibandingkan dengan yang tidak menggunakan teknik.

Kata kunci: 1. Teknik Mnemonic, 2. Daya ingat menghafal kosa kata,

ACKNOWLEDGEMENTS

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

First of all, the writer wishes to express her particular thanks to Allah swt. In this right chance, the writer would like to give her great thanks to:

1. Dr. Ibnu Elmi A.S. Pelu, S.H., M.H, as the Director of STAIN Palangkaraya for his direction and permission of conducting this research.
2. Triwid S. Najah, M. Pd. as the Chair of Department of Education for her permission so that the writer can complete the requirements for writing this thesis.
3. Santi Erliana, M. Pd. as the Coordinator of the English Education Study Program for the advice, support and suggestion in conducting the research.
4. Dra. Halimah M. Pd and Luqman Baehaqi, M. Pd as the first and second advisor for the guidance and encouragement that they provided during writing this thesis.
5. R. Tunas, S. Pd, as the English teacher who helped in getting data at the school.
6. Special thank you for my beloved friends are Muliyanor and sister Marisa who helped and support in conducting the research.

Special thanks are addressed to her friends of TBI 2010 for their helps. Her grateful thanks also go to all the teaching staffs of the English Education Study Program for their invaluable guidance and support.

Last, the writer's very sincere thanks go to her parents and her sister and her brother who always give their support, praying and affections sincerely to the writer's effort in doing research.

The writer realizes that this thesis is still far from perfect, therefore some constructive critical and suggestions are warmly welcomed. Hopefully, may Allah keeps us on the right path and rewards us for what we have done and this can be useful for all of us.

Palangkaraya, October 7, 2014

Sriyumahmuda

SRN. 1001120570

DEDICATION

Sincerely, this thesis is dedicated to :

- ❖ *My beloved parents with their immeasurable motivation, pray, advice and affection;*
- ❖ *My beloved sister and brother with their sincere pray and support;*
- ❖ *My honorable advisors Dra. Halimah M. Pd and Luqman Baehaqi M. Pd who had given the best guidance in completing this thesis;*
- ❖ *All my friends of TBI 2010 with their sincere supports and helps;*
- ❖ *Special one Muliyenor who always gives motivation, support and helps.*
